The Additional Inquiry prima facie identified transactions indicating actual and potential diversion of funds from the Company and its Indian and overseas subsidiaries to, in most cases, Indian and overseas entities that appear to be affiliated or associated with the Company's former non-executive chairman, Dr. Vijay Mallya, and other potentially improper transactions. All amounts identified in the Additional Inquiry have been provided for or expensed in the financial statements of the Company or its subsidiaries in prior periods. The Company has already made provision in prior financial years for the entire principal amount due, of INR 13,374 million, and for the accrued interest of INR 846 million up to March 31, 2014. The Company has not recognised interest income on said loan after March 31, 2014 which cumulatively amounts to INR 8,719 million up to March 31, 2021. The Company has offset payable to UBHL under the trademark agreement amounting to INR 59 million and 303 million for the quarter and year ended March 31, 2021, and consequently, the corresponding provision for loan has been reversed to 'Loss allowance on trade receivables and other financial assets (net)'. The cumulative offset up to March 31, 2021 amounted to INR 1,987 million.

Since UBHL had defaulted on its obligations under the Loan Agreement, the Company sought redressal of disputes and claims through arbitration under the terms of the Loan Agreement. On April 8, 2018, the arbitral tribunal passed a final award against the Company. The reasons for this adverse award were disputed by the Company, and the Company had obtained leave from the High Court of Karnataka to file a challenge against this arbitral award. The Company has on July 6, 2018 filed the petition challenging the said award before the Jurisdictional Court in Bangalore (the "Court"). The Court has issued notice pursuant thereto on the Official Liquidator and the hearing has commenced. Notwithstanding the arbitration award, based on management assessment supported by an external legal opinion, the Company continues to offset payable to UBHL under the trademark agreement against the balance of loan receivable from UBHL. During the quarter ended March 31, 2021, The Official Liquidator and the Company exchanged correspondences.

During the year ended March 31, 2018, the Company had filed applications for compounding of offences with the Registrar in relation to three show cause notices, applications for adjudication with the Registrar in relation to two show cause notices, and requested the Registrar to drop one show cause notice based on expert legal advice received. During the quarter ended September 30, 2020, the Company had received an order on the adjudication applications for aforesaid two show cause notices and complied with the said order. During the quarter ended March 31, 2021, the Company had received an order on compounding application for one of the aforesaid show cause notices and has complied with the said order. #### (f) Dispute with IDBI Bank Limited

As disclosed in each of the annual financial statements commencing from year ended March 31, 2015, during the year ended March 31, 2014, the Company decided to prepay a term loan taken from IDBI Bank Limited (the "bank") in earlier years which was secured by certain property, plant and equipment and brands of the Company as well as by a pledge of certain shares of the Company held by the USL Benefit Trust (of which the Company is the sole beneficiary). The Company deposited a sum of INR 6,280 million, including prepayment penalty of INR 40 million, with the bank and instructed the bank to debit the amount from its cash credit account towards settlement of the loan and release the assets and shares pledged by the Company. The bank, however, disputed the prepayment, following which the Company filed a writ petition ("WP") in November 2013 before the Hon'ble High Court of Karnataka challenging the actions of the bank.

In February 2016, following the original maturity date of the loan, the Company received a notice from the bank seeking to recall the loan and demanding a sum of INR 459 million on account of outstanding principal, accrued interest and other amounts as also further interest till the date of settlement. This notice was challenged by the Company by way of a separate application filed in the pending writ proceedings. The Hon'ble High Court of Karnataka, by an order passed in the said application, directed that, subject to the Company depositing INR 459 million with the bank in a suspense account, the bank should not deal with any of the secured assets including the shares until disposal of the writ petition. The Company deposited the full amount, and the bank was restrained from dealing with any of the secured assets.

In June 2019, a single judge bench of the Hon'ble High Court of Karnataka issued an order dismissing the writ petition filed by the Company, amongst other reasons, on the basis that the matter involved an issue of breach of contract by the Company and was therefore not maintainable in exercise of the court's writ jurisdiction. The Company disputed the Order and filed an appeal against this order before a division bench of the Hon'ble High Court of Karnataka. During the quarter ended September 30, 2019, the division bench of the Hon'ble High Court of Karnataka reinstated the interim order in the writ petition, thereby granting a stay on the disposal of the secured assets of the Company by the bank. On January 13, 2020, the division bench of the Hon'ble High Court of Karnataka admitted the writ appeal and extended the interim stay.

There have been no further developments in this respect during the year ended March 31, 2021. Based on management assessment supported by external legal opinions, the Company continues to believe that it has a strong case on merits and therefore continues to believe that the aforesaid amount of INR 459 million remains recoverable from the bank..

In a separate proceeding before the Debt Recovery Tribunal (DRT), Bengaluru, initiated by a consortium of banks (including the bank) for recovery of the loans advanced by the bank to Kingfisher Airlines Limited (KAL), the bank filed an application for attachment of the pledged shares belonging to USL Benefit Trust. DRT dismissed the said application of the bank. During the quarter ended September 30, 2017, the bank filed an ex-parte appeal before the Debt Recovery Appellate Tribunal ('DRAT'), Chennai against the order of the DRT. During the quarter ended December 31, 2017, following an application by the Company, DRAT has issued an Order impleading the Company in the proceedings. The bank's appeal is pending for final hearing by DRAT. There have been no developments with respect to this matter during the year ended March 31, 2021.

#### (g) Difference in yield of certain non-potable intermediates and associated process losses

As disclosed in each of the annual financial statements commencing from year ended March 31, 2019, the Company came across information suggesting continuing past practices that may have resulted in yields of certain non-potable intermediates and associated process losses in the liquor manufacturing process being higher than what has been reported to the relevant regulatory authorities (the 'Authorities') as per the records being maintained in certain plants (the 'Affected Plants').

With prior information to and engagement with the Authorities, the Company also engaged independent third-party experts to undertake a physical verification of the inventory of intermediates on a sample basis in the Affected Plants and shared these reports with the Authorities. Based on the understanding/discussion with such Authorities and advice received from external legal counsels, the Company has discharged/provided the amounts of financial obligation (which were determined to be not material) in the financial statements.

Under the direction of the board of directors, the management had engaged an independent law firm to conduct a review of past practices in this area and during the quarter ended June 30, 2019, has taken appropriate action, where a violation of the company's code of business conduct had occurred.

There have been no developments with respect to this matter during the year ended March 31, 2021. Management will continue to monitor developments, if any, in this matter.

#### (h) Developments in Relation to Past Claims from a Customer

In April 2021, a customer notified the Company that it was stopping further payment to the Company until pending issues of recovery were resolved. It appears that the customer is referring to, and seeking to review, the historical and settled issue regarding differential trade terms which was disclosed in the annual financial statements for the years ended March 31, 2017 and March 31, 2018. The matter related to a voluntary disclosure made by the Company regarding prices historically charged to the customer being inconsistent with the agreed trading terms. Post internal deliberations, the customer raised claims for recoveries against the Company, which the customer acknowledged as having been fully recovered in the year ended March 31, 2018. The customer and the Company also agreed revised trading terms for future supplies and normal business operations resumed until this letter was received. Based on legal advice the Company believes that it has no further liability towards the customer and that the trade receivable from the customer is good and fully recoverable and the Company has responded to the customer accordingly. The Company is in consultation with the customer and discussions are ongoing as at the date of approval of the annual financial statements.

The shares were sold for a total consideration of INR 300 million. Following the completion of the sale, the Company does not hold any shares in Tern Distilleries Private Limited and Tern Distilleries Private Limited has ceased to be a subsidiary of the Company. Prior to the sale, the Company has written-off loan provided to Tern of INR 54 million. The sale transaction resulted in a profit of INR 103 million and INR 131 million in the Standalone and Consolidated Statements of Financial Results respectively. Both the loan written-off and profit on sale have been presented as exceptional items. Also refer Note 9 (e) and (f).

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Results' section of our report. We are independent of the Group and its associate company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. #### **Emphasis of Matter**

- 4. We draw your attention to the following matters:
  - a) As explained in Note 4(a) to the Consolidated Financial Results, upon completion of the Initial Inquiry which identified references to certain Additional Parties and certain Additional Matters, the MD & CEO of the Holding Company, pursuant to the direction of the Board of Directors of the Holding Company, had carried out an Additional Inquiry that revealed transactions indicating actual and potential diversion of funds from the Holding Company and its Indian and overseas subsidiaries to, in most cases, Indian and overseas entities that appear to be affiliated or associated with the Holding Company's erstwhile non-executive Chairman and other potentially improper transactions. The amounts identified in the Additional Inquiry have been fully provided for or expensed by the Holding Company and/or its subsidiaries in earlier periods. Management is currently unable to estimate the financial impact on the Holding Company, if any, arising from potential non-compliances with applicable laws in respect of the above.

The completion of the above process is subject to regulatory and other approvals (in India and overseas). At this stage, it is not possible for the management to estimate the financial impact on the Holding Company, if any, arising out of potential historical non-compliances with applicable laws, if established.
- c) As explained in Note 4(b)(v) to the Consolidated Financial Results and as included in the reports of other auditors, consequent to the rationalisation process initiated by the Group in respect of 10 overseas subsidiaries including step down subsidiaries, the financial results of such subsidiaries included in the Consolidated Financial Results have been prepared on a liquidation basis. Accordingly, the assets and liabilities of such subsidiaries have been recognized as current at their fair values that approximate their carrying values as at March 31, 2021.
- d) As explained in Note 4(d) to the Consolidated Financial Results, the Managerial remuneration for the year ended March 31, 2015 included an amount paid in excess of the limit prescribed under the provisions of Schedule V to the Act by INR 134 million to the former Executive Director and Chief Financial Officer (ED & CFO) of the Holding Company. The Holding Company has initiated steps, including by way of filing a suit for recovery before the jurisdictional court, to recover such excess remuneration from the former ED & CFO of the Holding Company.
- e) Note 4(e) to the Consolidated Financial Results, which describes the various regulatory notices and communications received from Securities Exchange Board of India ('SEBI'), Ministry of Corporate Affairs ('MCA')/ Registrar of Companies, Karnataka (the 'Registrar'), Directorate of Enforcement ('ED') to which the Holding Company has responded to and communications received from the Holding Company's authorised dealer banks ('AD') to which the Holding Company has responded to/ is in the process of responding.
- f) Note 4(f) to the Consolidated Financial Results which describes the uncertainty relating to the final outcome of litigations with a bank ("the bank") that continues to retain the pledge of certain assets of the Holding Company and of the Holding Company's shares held by USL Benefit Trust (of which the Holding Company is the sole beneficiary) despite the Holding Company prepaying the term loan to that bank along with the prepayment penalty and further depositing an additional sum of INR 459 million demanded by the bank and as directed by the Hon'ble High Court of Karnataka (the "Court"). Based on management assessment supported by external legal opinions, the Holding Company has disclosed the aforesaid amount of INR 459 million under Other Non-current financial assets as recoverable from the bank pending the final outcome of the litigation. In a separate proceeding before the Debt Recovery Appellate Tribunal, the bank's appeal against the judgement awarded by Debt Recovery Tribunal in favour of the Holding Company in respect of attachment of the aforesaid pledged shares for recovery of the loans advanced by the bank to Kingfisher Airlines Limited is pending disposal.
- g) As explained in Note 4(g) to the Consolidated Financial Results, the Holding Company, during the year ended March 31, 2019, came across information suggesting continuing past practices resulting in differences in reporting to the relevant Regulatory Authorities of yields of certain non-potable intermediates and associated process losses in the liquor manufacturing process. Related actions taken and monitoring of future development by the Holding Company in this respect have been described in the said note.

Our opinion is not modified in respect of the matters described under paragraph 4 above.

# **PRESS RELEASE**

Unaudited financial results for the quarter and financial year ended 31 March 2021 (Standalone only)

#### Continued sequential momentum, good sales mix and steady margin and cash generation

#### Fourth quarter performance highlights:

- Reported net sales increased 11.6% driven by continued off-trade momentum and weaker comparatives, offset by contraction of owned business in Andhra Pradesh (AP) and softer footfalls in on-trade channel. Underlying net sales, excluding the prior year one-off sale of bulk Scotch, increased 16.1%.
- Prestige & Above segment net sales grew 25.8% benefitting from a strong scotch demand and weak comparatives.
- Popular segment net sales declined 3.1%, led by a decline of 4.3% in priority states. West Bengal sales saw a steep decline due to high taxes imposed.
- Gross margin was 43.9%, up 178bps versus last year, driven by benign commodities, superior mix, and continued management focus on productivity.
- Reported EBITDA was Rs. 412 Crores, up 51.8%. Reported EBITDA margin was 18.5%, up 491bps, driven by gross margin enhancement; lower advertising and promotional spends during the quarter and on-going cost optimisation measures.
- Interest cost was Rs. 28 Crores, down 42.7% driven by continued debt reduction and lower interest rates.
- Exceptional item includes impairment of part inter-company loan provided to Pioneer Distilleries Ltd and investment made in Hip Bar.
- Profit after tax was Rs. 167 Crores and PAT margin was 7.5%. PAT was 601.5% higher than same quarter in the prior year lapping an exceptional tax charge in the prior year

### Full year performance highlights:

- Reported net sales were down 13.2%, Prestige & Above segment net sales declined 7.2%. Popular segment net sales declined 17.7% within which the priority states contracted 15.9%. This was driven by organic decline due to a debilitating impact of Covid-19 pandemic led lockdowns in Q-1 of the Financial Year and the high Covid-led taxes impacting consumption in select geographies. Underlying net sales, excluding the prior year one-off sale of bulk Scotch, declined 10.8%. After a tough Q-1, the business has delivered sequential improvement quarter on quarter in net sales performance demonstrating resilience and excluding AP our underlying growth was 6% in this period.
- Reported gross margin was 43.4%, down 140bps, driven primarily by contraction of owned and franchise business in AP, resultant impact on South franchise business and associated cost provisions. Full year gross margin was further impacted due to lower net sales driven by the Covid-19 led lockdowns.
- Reported EBITDA was Rs. 988 Crores, down 34.4%; reported EBITDA margin was 12.5%, down 405bps primarily due to negative impact of fixed cost de-leverage. After adjusting for the one-off impact of bulk Scotch sale and restructuring costs, underlying EBITDA declined 29.7%.
- Interest costs were Rs. 166 Crores, 13.1% lower than last year, mainly due to lower debt and lower interest rates.
- Exceptional item includes Raising the bar initiative, impairment of inter-company loans and HipBar investment.
- Profit after tax was Rs. 310 Crores and PAT margin was 3.9%.

#### Anand Kripalu, CEO, commenting on the quarter and for year ended 31 March 2021 said:

"Top line growth momentum returned, and our in-quarter performance was strong on both top-line and EBITDA aided by the weak comparatives. While overall net sales grew 11.6%, strong Scotch performance contributed to the double-digit growth of 25.8% in Prestige & Above segment. Taxation led price hikes continued to adversely impact demand in the price conscious Popular segment. Net revenue management, stable commodity prices, efficiencies from our productivity programme enabled us to deliver healthy EBITDA margin of 18.5% in fourth quarter.

Despite a challenging start to FY21 in Q-1, our business withstood the disruption and showed progressive improvement thereafter with every passing quarter. We demonstrated agility and resilience in our performance across the value chain. Our two core brands were renovated and rolled out nationally during the year. While our underlying net sales this fiscal declined 10.8% and EBITDA margin contracted to 12.5% with a PAT of Rs. 310 Crores, we enter the new financial year with sequential momentum.

We continue to deliver consistently solid cash flow with net cash from operating activities at Rs. 1,728 Crores. Debt at the end of this fiscal stood reduced to Rs. 556 Crores, a reduction of Rs. 1517 Crores from last fiscal end.

Our recently announced strategic review of selected Popular brands is progressing well and on track.

Over the past year, India has been in the midst of a severe Covid crisis. Through these challenging times we have acted quickly to protect our people and our business, while supporting our customers, partners, and communities. ## **Net sales (Rs. Crores)**

<sup>\*</sup> Others include primarily non IMFL sale

Reported net sales declined 13.2% in the full year. There was business disruption due to initial lockdown, continued restrictions on on-premise establishments and consumer behavioural shifts impacting the balance between the on- and off- premise occasion in most markets. Excluding the one-off benefit from sale of bulk Scotch inventory in the prior year, underlying net sales declined 10.8%. Net Sales of Prestige & Above segment declined 7.2% while net sales of Popular segment declined 17.7%.

Overall volume declined 11.3% with shrinkage of 9% in Prestige & Above marginally outpacing Popular segment volume shrinkage of 13.8%. Underlying price/mix for the year was 0.5%, mainly due to good momentum in Scotch performance offset by reduced franchise royalty and adverse State mix.

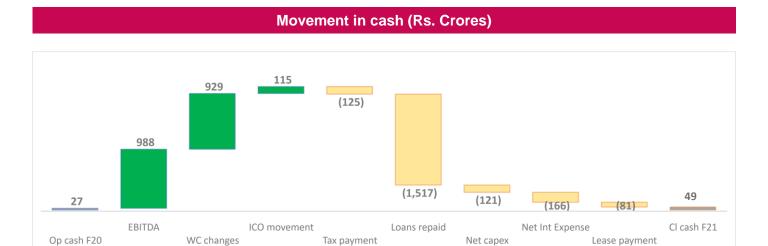

Reported EBITDA was Rs. 988 Crores for the year, down 34.4%. Excluding the one-off bulk Scotch sale and one-off restructuring costs in F20, underlying EBITDA declined 29.7%. EBITDA margin for the year was 12.5% and underlying EBITDA margin last year net of one time bulk Scotch sale and adjusted for one-off restructuring costs was 15.9%.

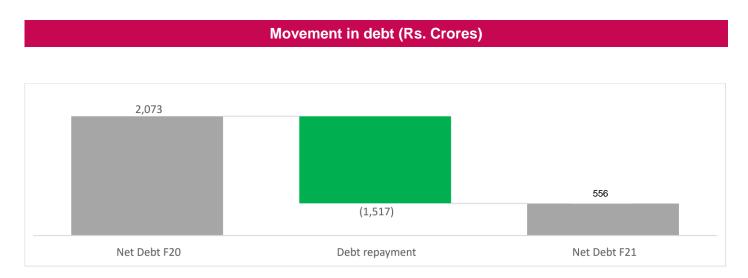

Gross profit decline of Rs. 648 Crores, was primarily driven by Q1 volume decline, contraction of Andhra Pradesh business due to route to market change, related inventory provision and decline in the South franchise business.

Reported staff cost increased 5.1% while overheads marginally improved by 0.9%. Advertising & Sales Promotion spend for the year was 7.2% of sales as the Company remained invested behind renovation roll-out of its two core brands, McDowell's No.1 Whisky and Royal Challenge Whisky and on-premise channel activation stayed impacted due to weak on-trade environment. Lower fixed cost absorption of administrative cost and overheads also impacted margin.

Cash closed at Rs. 49 Crores. The largest contributor to cashflows was profit from operations. There was a decrease in working capital primarily driven by better management of advance excise duty, organic growth in creditors since overlapping on softer comparitives and increase in accruals. Capex during the year was Rs. 121 Crores, and it was focused on enhancing IT infrastructure and on asset care projects. Cash was predominantly utilised towards debt repayment of Rs 1,517 Crores.

Closing net debt was Rs. 556 Crores, a reduction of 73% versus last year. Debt Reduction of Rs. 1,517 Cr. is primarily due to free cash flow generated from business and improvement in working capital.

Interest cost savings of Rs. 25 Cr. is primarily due to debt reduction together with lower interest rate.
